square foot 9" deep unit  
for retaining walls or  
fence parapets

**14 Reasons  
to Use**

**EVERLOC™**  
RETAINING WALLS

*The new leader in design,  
efficiency, and versatility.*

# 14 reasons to use EverLoc:

## #1 Three great wall designs! You choose!

Standard full face wall (810F)

Two shape random wall (810T)

Three shape random wall (810 T/F 50/50 blend)

#3 Economical column insets that add character to any EverLoc wall

#5 Up to 2.5 times less dust while sawing EverLoc. Less respirable silica than most other shapes

#2 Stately columns with controlled outside vertical edges

#4 Two-sided Sitting and Privacy Walls install with no posts or poured concrete!

#6 Two-sided Parapet Walls build right on top of EverLoc retaining walls. It's a whole new way to top a wall!
